The country has gone crazy for American Idol contestant Sanjaya Malakar and his wacky hair styles. It has gotten so bad that if Sanjaya comes out in a Don King hair style this week similar to what is pictured above, bettors will make make \$3.00 dollars for every \$1.00 dollar bet!

While I don't think Sanjaya will win American Idol he has gained a valuable ally in Shock Jock Howard Stern. Stern is hoping he can sway enough votes to make the singer with the least amount of raw talent win the entire contest. Simon Cowell is hoping that Howard Stern's attempts to sabotage the popular show fail. Sanjaya Malakar is currently listed at 18 to 1 to win American Idol 6 at online digital entertainment giant Bodog.com.

Point-Spreads.com has spotted some value and recommends anyone looking to capitalize on the Sanjaya Malakar crazy bet on him cracking the Top 5 at +200.
